 2. Provide us with your last four consecutive months of Visa/MC statements.
 3. Meet our basic underwriting requirements.

Q. What if I already have a business loan?

- A. Our product is an advance not a loan. As long as you meet our requirements, we can still provide you with immediate cash without affecting your other financial obligations.

Q. Does RapidAdvance look at my personal credit history and will it affect my credit report?

- A. Our business-friendly scoring method includes a review of your personal credit, but it does not require a personal guarantee*.

David A. – Beauty Salon, Buffalo, NY

"I did a little research in the Chicago area. Other salons said that RapidAdvance is a great choice and I should take advantage of your service. The process was easy. I was skeptical about programs like this at first.

I was very cautious, but the technical support has been great. RapidAdvance made me feel comfortable with the entire process. The cash advance gave me the flexibility that I didn't have before. I was able to increase inventory and do some updating around the salon. The level of service was very nice; your sales people are very good and easy to work with."

Aldofo V. – Tire Company, Corpus Christi, TX

"The first time RapidAdvance helped us was when our tire machine broke down. We were able to buy new equipment. The second time we were very low on inventory and the cash advance enabled us to completely restock

our inventory. RapidAdvance was very easy to deal with. I worked with other companies before but RapidAdvance was the most hassle free cash advance company to deal with. The entire process went very smooth."

Dina C. – Restaurant Owner, Spokane, WA

"I initially used RapidAdvance because I was behind on my bills. Construction on the main road cut my business off. Because of the cash advance, I got through the construction period. Everything was very speedy; things went fast and smooth. Getting the cash advance was a big relief; the timing couldn't have been better! It's funny... I expected to feel the money going out of my profits but it has not been an issue. The payments are painless and it's definitely worth it! I was very surprised at how quick and how smooth everything took place. I couldn't be happier with the service!"
